Title of Item: Local Chapter Support

Executive Summary, Explanation or Background:

The FGFOA local chapters are struggling to provide virtual education and networking opportunities for their members. While we did agree at our most recent Board meeting that the state FGFOA does not have the resources to house, host and coordinate virtual "events" for each chapter throughout the year, there may be some opportunity to assist if the Board would like to do so.

With that said, I seek the Board's direction so that we can provide the Local Chapter Presidents with options.

1. No additional assistance

We could simply encourage chapters to promote the educational offerings from FGFOA to their members and host meetings/networking themselves. Between webinars and virtual conferences, we are offering a significant amount of convenient, low cost training and/or CPE credits. Non-members can still register for the virtual SOGF but can't register for webinars. However, we could explore options for access if the Board would like to.

2. Limited additional assistance

The FGFOA could host 1-2 statewide educational offerings for local chapters...same day/same session. A good example would be an investment seminar or something similar. Again, same issue for non-members, but we could look at options.

3. Enhanced additional assistance

FGFOA could host some local networking/meetings for individual chapters upon request. Maybe X per year, first come first serve as all chapters won't need this help.

4. Auditors

Karen Keith reminded me that many of our auditors host education sessions for clients. Could we reach out to some of those partners to ask if they would be willing to host a statewide session specifically for FGFOA local chapters

Florida Government Finance Officers Association, Inc. Board of Directors – President-Elect 2020-2021

members? If not, we could try to keep a calendar of these sessions and see if local chapter members would be permitted to participate in an already scheduled event.
