We are pleased to invite you to an engaging and informative Economic Update and Budget Round Table Discussion, designed to provide valuable insights and foster collaboration among our Treasure Coast colleagues.

The event will begin with an Economic Update presented by Deep Blue Investment Advisors. This session will offer a comprehensive analysis of current economic trends, market forecasts, and financial insights that directly impact fiscal planning and investment strategies. This update will provide essential context as we navigate today's financial landscape and make informed decisions for the future.

Following the economic briefing, we will transition into a Budget Round

Table Discussion. This interactive session will provide an opportunity for participants to share current budgetary challenges specific to our region. This open forum will allow us to discuss key issues impacting our financial processes and collaborate on potential solutions. Attendees are encouraged to share strategies and best practices that have proven effective in addressing these challenges.

This event aims to strengthen partnerships across the Treasure Coast, foster meaningful dialogue, and equip participants with valuable tools and insights to navigate the evolving budget landscape effectively.

We look forward to your participation in what promises to be a highly informative and collaborative event.
