OASYS ePortal Purpose

The Oversight and Assistance System (OASYS) ePortal is Property Tax Oversight's (PTO) online platform for digital communication with county offices:

- Property appraisers
- Tax collectors
- Taxing authorities
- Clerks of court

The ePortal serves as a single internet location where elected officials and their staff access applications and important information.

OASYS ePortal Features

Single sign on for all external PTO applications

A phased rollout will transition access to all external applications through the ePortal.

Central location for PTO communications

Messages provide a consolidated reference point for all important information.

OASYS ePortal user management

- Create users, remove users, and maintain contact information
- Elected officials are automatically granted permissions.
- Elected officials may delegate access for their office.

Application access

Application access requests from an elected official or delegate must be approved by PTO before access is granted.

OASYS ePortal Contact and Access Managers

Contact Manager

- An office may select one or more staff members to be the contact manager.
- Contact managers can add, remove, and modify contact information for individual users and the office. They **cannot** request access to PTO applications for users.
- Offices may grant this role to administrative assistants.

Access Manager

- An office may select one or more staff members to be the access manager.
- The access manager can perform all the tasks of the contact manager.
- Additionally, the access manager **can** request access to PTO applications for users and designate other contact and access managers.
- Offices may grant this role to finance directors, IT managers, and other supervisory roles.

OASYS eTRIM Purpose

In 2024, PTO launched OASYS eTRIM.

- Taxing authorities can add, remove, and modify levies and Community Redevelopment Areas (CRA) within the application.
- Taxing authorities can complete TRIM forms in a more streamlined and efficient environment.
- The application offers a more automated process for submitting TRIM packages for review.

OASYS eTRIM is a robust application that PTO will improve each year.

Hearing Date Module

In September 2025, PTO added the **Hearing Date Module** to taxing authority dashboards in OASYS eTRIM.

- Taxing authorities can enter and manage information about both tentative and final public budget hearings.
- Taxing authorities can confirm hearing completion or indicate meeting rescheduling or recession.
- This feature helps the Department of Revenue (Department) track scheduled hearing dates should an emergency such as a natural disaster arise.
